Cloud & Databases: AWS (S3, EC2), Google Cloud Platform (GCP), PostgreSQL, MongoDB, Firebase, MySQL

Tools & DevOps: Git, Docker, Linux, PowerShell, VS Code, WordPress

WORK EXPERIENCE

Software Developer

Mar 2021 - Jun 2026

23e2 Digital Marketing (Local View), Scarborough, ON

- Generated up to \$12K in monthly revenue for Local View through AI-driven automation and feature enhancements.
- Co-built full-stack LocalView.co platform using Node.js, React, AWS, and SQL, developing scalable features supporting 200+ active users.
- Engineered AI-powered tools — content generation, review automation, GBP post scheduling, & AI voice assistant with Twilio & OpenAI — increasing customer engagement.
- Architected 23e2 Reports (reports.23e2.com) using Google Ads & Analytics APIs, providing clients actionable insights on ad performance, conversions, and lead metrics supporting 100+ users
- Created WordPress sites and optimized SEO, advancing key terms from page 3 to 1, raising engagement 60%, and driving \$20K+ revenue.
- Integrated and developed Google Maps, Ads, Analytics, Business Profile, SERP, and Apple APIs for LocalView, improving business listings, rank tracking, search visibility, and real-time updates for users.

Junior Web Developer

Oct 2019- Mar 2021

23e2 Digital Marketing, Scarborough, ON

- Maintained and updated the original, pre-existing LocalView.co application, utilizing SQL, PHP, and JavaScript to engineer new local SEO citation modules and GMB integration tools prior to transitioning to the modern React-based platform build.
- Optimized client-facing web applications including cpapclinic.ca, leveraging HTML, CSS, JavaScript, and PHP to improve UI/UX responsiveness and database query performance.
- Built and deployed custom WordPress sites for diverse clients, applying technical SEO best practices and user acquisition strategies to drive organic traffic and search visibility.

Food Service Associate

May 2019- Sept 2019

Canada's Wonderland, Vaughan, ON

- Delivered high-quality customer service in a fast-paced, high-volume environment by accurately managing point-of-sale transactions and efficiently resolving guest inquiries to ensure maximum satisfaction.
- Maintained strict compliance with health, safety, and sanitation standards, consistently executing daily operations in alignment with WHMIS regulations and park protocols.
